

Fletcher Maynard Academy

Jerry Seinfeld

Joshua Rodriguez

In the spring I watched *Seinfeld* for the first time and I loved it! I laughed so hard my belly hurt. We watched *Seinfeld* on tv and sat on the sofa. I was watching with Elisa Mom and Dad. We watched one episode: The Good Samaritan. In the episode Jerry saw a car hit another car, meanwhile Kramer had his bandage on his head from the mysterious accident. I was feeling confused about about the show at the beginning. Later Dad helped me understand what was going on in the show. We ate salty popcorn and laughed. George Elaine and Kramer were funny.

I like the show because it's funny when the characters talk because there voices are loud. My whole family laughed at the characters. My favorite character is Jerry Seinfeld because he is the funniest. It was silly when Jerry called Elaine because he told her about when he crashed into another car. My favorite episode on *Seinfeld* is The Marine Biologist. I like it because Jerry and Elaine go to the Hotel Apartment and George walks to the beach and sees a whale. It was fantastic.

Now I can watch *Seinfeld* with my family on Saturdays. I feel excited because I love to watch *Seinfeld* episodes from 1989 to 1998. I love to watch the show at home. I hope you could watch *Seinfeld* sometimes too.
