BRING A DISH TO SHARE!

Here at RAUC, we are all about building and strengthening our community. Attendees are invited to bring a dish to share for a potluck dinner so we can share a meal together while also sharing some wisdom!

CONTACT

If you have comments or questions, please contact RAUC's Library/Technology Specialist, Sam Musher: smusher@cpsd.us. RSVPs are helpful to give us an idea of numbers, but not necessary!

WHAT THE TALK IS ABOUT

If you're feeling anxious about how to set appropriate phone rules, or how to guide your student through responsible social media use, you're not alone! This event is a chance to hear from current high school students about the good and the bad of digital life in middle school. What rules did their families set about phone use? Do they think those rules should have been different, and why? What do they wish the adults in their lives had understood about technology? With only a couple of years' distance from middle school, these students are in the best position to help us understand what our students are going through and how we can support them. Come with questions!

WHAT YOU'LL TAKE AWAY

- A deeper understanding of the role of phones and social media in middle schoolers' lives
- Suggestions for appropriate policies to implement at home
- Conversation starters for positive discussions with your child
