

Life Tomorrow

Seeking High School Student Leaders for OMEGA at MIT

Want to...

- ✓ Strengthen relationships between older adults and your peers?
- ✓ Build leadership skills and your resume?
- ✓ Learn how you can earn a \$1000 college scholarship for yourself and \$1000 for your school?

The MIT AgeLab wants YOU for OMEGA... Opportunities for Multigenerational Exchange, Growth, and Action!

OMEGA was created by the MIT AgeLab to support the development and growth of student programs and clubs that connect high school students with older adults. The goal of OMEGA is to strengthen relationships and promote connections across generations.

OMEGA helps students to grow and develop student-run organizations in their schools, to brainstorm and plan activities for multiple generations, and to connect with other students.

The MIT AgeLab is seeking student leaders interested in fostering multigenerational connections between high school students and older adults.

We are holding an OMEGA Summit and want you there!

Interested in participating?

E-mail us (omegamit@mit.edu) ASAP to request an application.

Applications due by November 2, 2015.

Date: Saturday, November 7, 2015

Time: 10:00 am – 1:30 pm

Location: MIT
