If you love to spend time with friends, read and talk about your favorite and current book, the middle school book club is the place for you! Joining the book club will give you the opportunity to read a book, magazine, even a read -a- long at your own pace and have conversations with your peers and volunteers about what you are reading. The book club will also be taking bi-weekly trips to the library, and other field trips around Cambridge planned. We end the program with a dinner celebration at the end of summer, you won't want to miss out on this!

Please fill out this form and return to the Tutoring Plus office in the lower level of the Fletcher-Maynard Academy. We require additional medical and photo release forms for your child to participate.
