

Like to
Sing?

RECRUITING adults and children, ages 6 and up (6 to 11 requires an accompanying adult), to sing a series of songs highlighting the lives and work of great scientists and mathematicians throughout history who have shaped our understanding of the world, including Marie Curie, Charles Darwin, Stephen Jay Gould, Hedy Lamarr, Archimedes, and more!

Our composers include David Haines, Andrea Gaudette, Ruth Hertzman, and others who have previously written for NCFO.

There will be three performances, presented with an accompanying slideshow of children's art & lyrics.
