Spend a week or two (or five) at New England's premiere comedy camp. Our professionally trained instructors represent some of Boston's best and most experienced improvisational comedians. We create a fun and supportive environment within which students can explore, develop, and succeed. While improvisation is best known for the power to amaze and entertain through hilarious performances, the fundamentals of the art also set forth a creative process leading to support, engagement, trust, and applied risk-taking off-stage as well as on.
