## WORLD PEACE GAME CAMPS

The *World Peace Game Camp* is an opportunity for boys and girls to experience a 5-day intensive version of John Hunter's *World Peace Game*.

The *World Peace Game* is a hands-on geopolitical simulation that gives players the opportunity to explore the connectedness of the global community through the lens of the economic, social, and environmental crises and the imminent threat of war. The goal of the game is to extricate each country from dangerous circumstances and achieve global prosperity. Students are organized into country teams and play the roles of Prime Ministers, Secretaries of Defense, Cabinet staff and other officials. The *World Peace Game* is designed for rising 4th through 8th graders and exposes students to systems thinking, critical and creative problem-solving, leadership responsibilities, decision making, negotiation and much more while inviting them to explore the connectedness of the global community.

The program emphasizes Engagement and Student Ownership of Learning and Exploration of Strengths, Fears and Possibilities.
