SNAP/Food Assistance

Project Bread's FoodSource Hotline would like to offer assistance to any families that may benefit from SNAP/Food stamps. With school ending in a few weeks, many families may become increasingly worried about making ends meet. Many working parents may incur new childcare expenses or may be forced to alter their schedules to care for their children. Other families, who rely on school meals for daily access to nutritious food, may be worried about putting food on the table. SNAP can be a tremendous support in

budgeting the new expenses of summer.

FoodSource Hotline counselors are here to help! Counselors can prescreen callers for SNAP eligibility and can start new applications over the phone. Someone will also follow-up with each individual throughout the application process to help solve any problems that may arise. Counselors also work to connect people in need with additional food resources in their community. We can assist callers Spanish, Portuguese, Greek, and over 200 other languages through our interpreter service.

Are you or someone you know having a hard time putting healthy food on the table? SNAP (also known as Food Stamps) helps you stretch your food budget and keep your family healthy. Calling Project Bread's FoodSource Hotline is a simple and confidential way to find out if you qualify for SNAP. Counselors can assist families in over 160 languages. The FoodSource Hotline is open Monday – Friday 8AM to 7PM, Saturday 10AM to 2PM. For more information on SNAP, call 1.800.645.8333.
