

VLUS STEM NIGHT 2015

Please join us on **April 16th, 2015 from 5:15 - 7:00** for our third annual STEM night. This is a night for all students and families to celebrate the science and math programs at Vassal Lane Upper School.

The focus of this year's STEM night will be **higher order thinking**. Students and their families will engage in math and science experiences (together with STEM professionals and teachers) to think about how we use higher order thinking when solving problems. We hope that you and your scholar can come!

Schedule of Events

5:15 - 5:45: Welcome and Dinner in the Cafeteria (Pizza & Salad Provided!)

5:50 - 6:20: STEM workshop Round 1*

6:30 - 7:00: STEM workshop Round 2*

**For each workshop round, families will be assigned to a classroom for either a math or science task. Families who attend both rounds will participate in a math workshop and a science workshop. If you need to come late or leave early, you will participate in either a math or a science workshop.*

If you have questions or comments please contact Matt Dunkel: mdunkel@cpsd.us

WE LOOK FORWARD TO SEEING YOU THERE!
