Junior Kindergarten/Kindergarten trip to the Harvard Museum of Natural History

Eighth Grade Trip to China

More information is also available online at www.cpsd.us/mlk

MCAS Tips: Remember, You Know More Than You Think!

MCAS testing has begun for students in grades 3-8 and all English Language Arts tests will finish by next Tuesday. We've been preparing our students for success all year, but a few helpful reminders may keep us focused and demonstrate our best efforts!

Get a good night's sleep. It's important to be well rested to do your best.

Have a good breakfast. We will also provide snacks during breaks.

Dress comfortably. You'll do your best when you're relaxed!

Read and follow the directions carefully (especially look for what they want).

Be prepared to work for the entire test session. It's not a race.

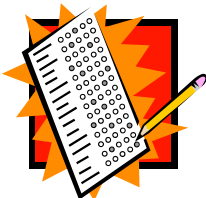

Don't feel bad about skipping problems you are having trouble with, but don't forget to go back!

Mark your answers carefully.

Read all your options carefully.

If you aren't sure, guess wisely - eliminate as many answers as possible.

Use any remaining time to check your work and go back to any difficult questions.

Trust that you can do it! You know more than you think!
