Beautification Day is this Saturday from 10AM-1PM. All are welcome to help beautify our lovely school garden. This will also be a great opportunity to meet our new garden coordinator, Caitlin Rogers. She can be reached at crogers@citysprouts.org.

Thursday, May 27th is the last day for "Late Bus" service.

Rooms 204, 205, and 206 will be going to Drumlin Farms Wildlife Sanctuary this Wednesday, May 19th.

Students will cultivate an appreciation and understanding of native plants, animals, and their habitats on an actual farm and wildlife sanctuary.

Thank you to our families for their support and involvement with last week's Kindergarten Open House and Family Night at the Museum of Science! Both events were a big success and would not have been made possible without the enthusiasm, hard work, and open friendship of our dedicated families and our teachers/science department. It was great to see our school really come together and have fun at both events!
