

K-12 Benchmarks<br>of Student and School Achievement

# Cambridge Public Schools School Committee Members 2005-2006 

Michael A. Sullivan, Mayor and Chair of the School Committee<br>Richard Harding, Jr., Vice Chair<br>Alfred B. Fantini<br>Joseph G. Grassi<br>Benjamin R. Lummis<br>Marc McGovern<br>Nancy Walser<br>

Administration:
Thomas Fowler-Finn, Ed.D., Superintendent
Carolyn L. Turk, Ed.D., Deputy Superintendent
James Maloney, Chief Operating Officer
Barbara J. Allen, Executive Director of Human Resources
James Conry, Chief Financial Officer
Maryann MacDonald, Executive Director of Student Achievement \& Accountability
Maureen MacFarlane, Legal Counsel
Dr. Jo Sullivan, Executive Director of Curriculum Development

Prepared by the Office of Student Achievement \& Accountability
Kathleen Ivins, Ed.D., Assessment Specialist
Barbara Van Sickle, Acting Director of Student Achievement \& Accountability K-8
Marie Bernard, Secretary

In collaboration with:
Jeff LaPlante, Chief Technology Officer
Management Information Systems Department
Kathleen Smith, CRLS Data Center
Bilingual Education and English Language Acquisition Department

## INTRODUCTION

## What are the CPS Benchmarks of Student Achievement?

The Cambridge Public Schools (CPS) Benchmarks were developed by principals and central office administrators from standards derived through state testing programs, TIMSS (Trends in International Mathematics and Science Study), the use of standards in other states, and accepted research from experts in the field of education. The benchmark documents are a result of a review of this body of knowledge tempered by the experience of CPS administrators, teachers, and school councils. They will serve as an accountability tool for schools and the district. In addition, the benchmarks will help the community to understand overall student achievement and progress in closing the achievement gap in our city's schools.

The CPS Benchmarks are comprehensive including primary and secondary indicators of achievement. Primary indicators are those set by the federal government's No Child Left Behind (NCLB) Act. Primary indicators include a standard of proficiency in English Language Arts (ELA) and Mathematics as measured by MCAS, the Massachusetts state testing program. Secondary indicators include additional academic assessments as well as measures of school climate, family participation / satisfaction, assessments of English Language Learners, Cambridge Rindge and Latin (CRLS) graduation indicators, and competencies for Rindge School of Technical Arts (RSTA).

Benchmarks are determined for individual schools and the district and are organized by grade levels K-5, 6-8 and 9-12. They are also determined for subgroups of students in order to measure the extent to which the school/ district has addressed the achievement gap. Students are categorized into subgroups as defined by the NCLB legislation and are compared against the performance of white students in order to measure achievement gaps in the same way that NCLB demands similar comparisons.

The reports included in this document represent two years of benchmark data. Benchmark reports will be used in assessing student outcomes in each school and overall progress of the school district. Individual school benchmarks will be used by the school in annual school improvement planning and by the superintendent as one piece of the evaluation of principals. The district will use district benchmarks to measure: progress in overall student achievement, the extent to which progress is made in closing the achievement gap among subgroups of students, the efficacy of existing programs, and the need for revisions in the district improvement plan.

Over the past two years, the Office of Student Achievement and Accountability has worked in collaboration with the CPS Management Information Systems department to develop a data warehouse. This data base system will enable us to store the information necessary to measure both overall student achievement and the achievement gap. The data warehouse generated much of the information included in this report. The ultimate goal is to provide immediate access of timely data through the data warehouse to principals and other administrators for use in planning and evaluation.

## How Do I Read the Document?

The broad categories are listed along the left hand side of the document. They include: testing, school climate, course enrollment, grades and graduation requirements. Specific indicators are listed within each category. MCAS proficiency in English Language Arts and Mathematics are considered primary indicators as measured by the No Child Left Behind (NCLB) federal requirements. All other indicators including MCAS passing rates are considered secondary indicators. They include:

## Academic Achievement Data

- MCAS (3-10) including alternate MCAS assessments for special education students (Note: the MCAS data used in the benchmark report is from the DOE MCAS file released on 9-27-05 with the exception of the CRLS MCAS passing and proficiency rates. The CRLS percentages exclude 13 students whose discrepancies have not been resolved by the DOE. As of 11-30-05 the final MCAS data file has not been released.)
- Early Literacy Assessment in reading and writing (K-2)
- Developmental Reading Assessment (3-5) 2005-2006
- Report card grades (6-12)
- Course failure rates (6-12)
- SAT
- PSAT
- AP (Advanced Placement course enrollment and exam pass rates)
- Eighth grade portfolio presentations 2005-2006

## School Climate Information

- Discipline report
- Attendance
- Effective School Battery results ( teachers K-12, students 6-12)
- Parent participation in Student Conferences (K-8) 2005-2006
- Student participation in school sponsored extra curricula activities (9-12)
- Staff participation as advisors, sponsors, coaches in extra curricula activities (9-12)

## Assessments for English Language Learners

- MELA-O (English Proficiency testing for English Language Learners) K-2
- MEPA R/W ( Massachusetts English Proficiency Assessment in Reading and Writing for ELL students)

## RSTA Indicators

- RSTA field placement
- Career certification (RSTA)

## Graduation Indicators CRLS

- MCAS Competency Determination
- Graduation rate
- Dropout rate

## Establishing Benchmarks

Data from 2003-2004 and 2004-2005 are listed next to each indicator and are used to determine growth from one year to the next. The next five (5) columns represent a continuum of progress in each area from Benchmark 1 being lowest to a Standard of Excellence. Data from 2004-05 is used to determine which benchmark is highlighted in yellow. When progress is not sufficient to reach Benchmark 1, the indicator box is highlighted.

Often a school will show improvement in values but will not move up a benchmark in a year. The goal is to see improvement from one year to the next.

## How will this document address the achievement gap in our schools?

Overall progress in each indicator is first reported for the aggregate (all students) within a school or in the district. Progress on each indicator is then reported for each subgroup of students. The gap between subgroups is reported only if there are more than 20 students in a group for statistical purposes. The subgroups are those defined by NCLB legislation and are the same as those reported on schools’ Adequate Yearly Progress (AYP) reports. They include:

- African American
- Asian
- Hispanic
- White
- Students receiving Free/ Reduced Lunch
- Special Education
- LEP (Limited English Proficient)

In determining the achievement gap for any indicator, the progress of students in a racial/ethnic subgroup is measured against the progress of white students. In the cases of students receiving free/reduced lunch, special education and considered Limited English Proficient, the gap results from comparing the students in the subgroup with others not in the subgroup. For example, students receiving free/reduced lunch as compared with students not receiving free/reduced lunch.

## How is this information connected to district and school improvement planning?

The benchmark data is used by the district and schools as a part of on-going improvement planning. Each school is responsible for summarizing overall achievement, showing progress in closing the achievement gap, and identifying specific areas of concern and focus. This information becomes part of the district/school's improvement plan. Each year the data is updated, progress is reviewed and School Improvement Plans are updated as part of a continuous improvement cycle.

The following pages include a summary of highlights from the district Benchmark Reports. As in the case of the schools, the district will incorporate this information into its revised District Improvement Plan for the upcoming school year.

# CPS ELEMENTARY BENCHMARKS OF STUDENT ACHIEVEMENT Grades Kindergarten - 5 <br> Highlights 2004-2005 

## MCAS

English/Language Arts (ELA) Grades 3 \& 4

- The district remained at Benchmark 2 in ELA proficiency with $47 \%$ of students scoring proficient -a 4\% decrease from 2003-04.
- The district remained at Benchmark 3 in ELA passing rates with $87 \%$ of students passing - a decease of $1 \%$ from 2003-04.

## Closing the Gap

- Hispanic students narrowed the gap in ELA passing rates between themselves and white students by $4 \%$ and moved from Benchmark 3 to Benchmark 4.

## Areas of Concern and Focus

- The gap widened for LEP students in ELA proficiency rates by $20 \%$ and moved them from Benchmark 2 to Below Benchmark 1. The gap also widened for LEP students in ELA passing by $35 \%$ and moved from Benchmark 3 to Below Benchmark 1.
- The gap widened for SPED students in ELA passing rates by 6\% moving from Benchmark 3 to Benchmark 2.

## MCAS

Mathematics Grade 4

- The district remained at Benchmark 1 in Math proficiency with $35 \%$ of grade 4 students scoring proficient - a $1 \%$ increase from 03-04.
- The district moved from Benchmark 2 to Benchmark 1 in Math passing rates with $77 \%$ of grade 4 students passing - a 5\% decrease from 03-04.

## Closing the Gap

- Hispanic students narrowed the gap in Math passing rates between themselves and white students by $9 \%$ and moved them from Benchmark 3 to Benchmark 4.

## Areas of Concern and Focus

- The gap widened for African American students in Math passing rates by 9\% dropping from Benchmark 3 to Benchmark 2.
- The gap widened for SPED students in Math proficiency rates by 5\%, and moved from Benchmark 2 to Benchmark 1.

## Early Literacy Assessment - Reading K-2

- There was a $4 \%$ increase in the passing rate from 2003-04.
- The district remains at Benchmark 2 with $69 \%$ of students in K-2 passing the Early Literacy Assessment in Reading.

## Closing the Gap

- African American students narrowed the gap in ELA Reading passing rates between themselves and white students by $6 \%$ and moved from Benchmark 2 to Benchmark 3.
- Hispanic students narrowed the gap in ELA Reading passing rates between themselves and white students by $9 \%$ and moved from Benchmark 2 to Benchmark 3.
- Students receiving free/ reduced lunch narrowed the gap in ELA Reading passing rates by 7\% and moved from Benchmark 2 to Benchmark 3.
- Sped students narrowed the gap in ELA Reading passing rates by $13 \%$ and moved from being Below Benchmark 1 to Benchmark 1.

## Areas of Concern and Focus

- Although progress is being made in narrowing the gap among demographic groups, SPED and LEP students are still at Benchmark 1.

## Early Literacy Assessment - Writing K-2

- There was a $5 \%$ increase in the passing rate from 2003-04.
- The district remains at Benchmark 2 with 70\% of students in K-2 passing the Early Literacy Assessment in Writing.

## Closing the Gap

- Hispanic students narrowed the gap in ELA Writing passing rates between themselves and white students by $10 \%$ and moved from Benchmark 2 to Benchmark 3.

Areas of Concern and Focus

- LEP students widened the gap in ELA Writing passing rates by $12 \%$, and moved from Benchmark 3 to Benchmark 2.
- African American students widened the gap in ELA Writing passing rates by 3\%, and moved from Benchmark 3 to Benchmark 2.

## Discipline

- There was a $.4 \%$ increase in the number of students being suspended in grades K-5.

## Areas of Concern and Focus

- African American students narrowed the gap by $\mathbf{. 7 \%}$ while the remaining subgroups widened the gap.

# CPS MIDDLE SCHOOL BENCHMARKS OF STUDENT ACHIEVEMENT <br> Grades 6-8 <br> Highlights 2004-2005 

## MCAS

English/Language Arts (ELA) Grade 7

- The district remained at Benchmark 3 in ELA proficiency with $57 \%$ of the $7^{\text {th }}$ grade students scoring proficient.
- The district remained at Benchmark 4 in ELA passing rates with $93 \%$ of the $7^{\text {th }}$ grade students passing.

## Closing the Gap

- African/American students narrowed the gap in ELA proficiency rates between themselves and white students by $7 \%$ and moved from Benchmark 1 to Benchmark 2.
- Both Asian and Hispanic students closed the gap by 6\% in ELA passing rates and improved from Benchmark 4 to the Standard of Excellence.

## Areas of Concern

- The gap widened for Free lunch students by 18\% in ELA proficiency rates dropping them from Benchmark 3 to Benchmark 1.

## MCAS

## Mathematics Grades 6 and 8

- The district remained at Benchmark 1 in Math proficiency with $34 \%$ of $6^{\text {th }}$ and $8^{\text {th }}$ graders scoring proficient.
- The district remained below Benchmark 1 in Math passing rates with $66 \%$ of the $6^{\text {th }}$ and $8^{\text {th }}$ grade students passing.

## Closing the Gap

- Free lunch students narrowed the gap by $\mathbf{8 \%}$ moving from Benchmark 2 to Benchmark 3 in Math passing rates
- SPED students narrowed the gap in Math passing rates by 7\% moving from below Benchmark 1 to Benchmark 1.
- White students increased their rate of proficiency in math from $50 \%$ to $55 \%$.

## Areas of Concern

- The gap widened for LEP students by $\mathbf{1 7 \%}$ in Math passing rates dropping them from Benchmark 2 to below Benchmark 1.

## REPORT CARD GRADES

- Report card grade data represents baseline information as this is the first time it is being reported. Of concern is the discrepancy between the report card grades and the MCAS levels of proficiency.

## CPS DISCIPLINE REPORT

- The percentage of suspensions at the middle school level increased from 7\% to 12\% dropping from Benchmark 3 to Benchmark 2. Special education students narrowed the gap by .26 while the remaining subgroups widened the gap.

# CPS HIGH SCHOOL BENCHMARKS OF STUDENT ACHIEVEMENT <br> Grades 9-12 <br> Highlights 2004-2005 

## MCAS

- Performance remained at same benchmark level as 03-04, with the exception of English Language Arts passing rate, which moved from Benchmark 2 to Benchmark 3 (an increase of 4\%).

## Closing the Gap

- LEP students narrowed the gap in Math Passing rates between themselves and Non LEP students by 16\% and moved from Benchmark 1 to Benchmark 2.

## Area of Concern

- The gap widened for Hispanic students by 20\% in ELA proficiency rates; 11\% in Math proficiency rates; and 15\% in Math passing rates. In each of these areas they dropped a benchmark lower.
- The gap between LEP students and non-LEP students in passing ELA MCAS is wider than other subgroups.

## SAT

- There was an increase of $2 \%$ of the graduating seniors taking the SAT in 2004-05a total of $72 \%$ as compared with $77 \%$ of the state's public schools' graduating seniors and $41 \%$ of the nation's public school's graduating seniors.
- The graduating class of 2005 had a 44 point increase in combined SAT scores.
- The mean SAT math score of 506 was the highest since CPS began tracking SAT scores in 1993.
- The mean SAT verbal score of 490 was the second highest since 1993.

## Closing the Gap

- Free/Reduced Lunch students narrowed the gap in SAT participation with Pay Lunch students by $20 \%$, and moved from Benchmark 3 to Standard of Excellence.

## Area of Concern

- African American students combined score went up 32 points, but still below Benchmark 1 along with Hispanic and Sped students.

## AP Courses \& Exams

- Drop of $12 \%$ in the number of students taking AP courses ( $46 \%$ to $34 \%$ ); Percentage of students passing Exams remained at 63\%.

## Closing the Gap

- Free/Reduced Lunch students narrowed the gap in taking AP courses with Pay Lunch students by 8\%, and moved from Benchmark 2 to Benchmark 3.

## Area of Concern

- Although the gap narrowed for African American, Hispanic, and SPED students taking AP courses, they are still at Benchmark 1.

## MCAS Competency Determination Status

- $91 \%$ of CRLS seniors passed both MCAS exams; an increase of $6 \%$, which changed the CD status to Benchmark 3 from Benchmark 2.

## Closing the Gap

- Hispanic students narrowed the gap by 8\%, Free/Reduced Lunch students narrowed the gap by $9 \%$, Sped students narrowed the gap by $23 \%$, and each moved to Benchmark 4.

## Area of Concern

- LEP students achieving CD status still remain Below Benchmark 1 in comparison with Non-LEP students.

## Graduation Rates

- In 2004-05, 87\% of CRLS seniors graduated. This was an increase of $7 \%$, and moved the graduation rate from Benchmark 1 to Benchmark 2.

## Closing the Gap

- Hispanic students narrowed the gap by 8\%, and moved from Benchmark 3 to Benchmark 4. SPED students narrowed the gap by $16 \%$ and moved from Benchmark 2 to Benchmark 3.

## Dropouts

- The dropout rate declined from $1.7 \%$ to $1.4 \%$ and the benchmark remained at Benchmark 4.

## Closing the Gap

- No gap analysis was done because each subgroup had fewer than 20 students.

## Grades

- The percentage of students with a GPA higher than an A- decreased by $5 \%$. However, there was also decrease of $1 \%$ in the percentage of students with a GPA lower than a C-and a decrease of $2 \%$ in percentage of students failing two or more courses.

## Closing the Gap

Percentage of students with a GPA higher than an A-

- African American students narrowed the gap by $9 \%$ and moved from Benchmark 1 to Benchmark 2.
- Hispanic students narrowed the gap by $12 \%$ and moved from Benchmark 1 to Benchmark 3.
- Special education students narrowed the gap by $6 \%$ and moved from Benchmark 2 to Benchmark 3.
- LEP students narrowed the gap by $6 \%$ and moved from Benchmark 3 to Benchmark 4 .

## Closing the Gap

Percentage of students with a GPA less than C-

- African American students narrowed the gap by 5\% and moved from Benchmark 3 to Benchmark 4.
- Hispanic students narrowed the gap by $4 \%$ remaining at Benchmark 3.
- Special education students narrowed the gap by $3 \%$ remaining at Benchmark 3.

## Closing the Gap

Percentage of students with 2 or more course failures

- African American students narrowed the gap by $4 \%$ remaining at Benchmark 4.
- Hispanic students narrowed the gap by $10 \%$ and moved from Benchmark 3 to Benchmark 4.
- Special education students narrowed the gap by $9 \%$ and moved from Benchmark 3 to Benchmark 4.

## Area of Concern

- The gap decreased between African American students and White students in the percentage of students receiving a GPA of A- or higher, but the gap for these two groups is still wider than acceptable.

## Discipline

- Overall there was a $5 \%$ decrease in the percentage of students committing infractions.

## Closing the Gap

- Hispanic students decreased their percentage of infractions by $11 \%$, and moved from Benchmark 3 to Benchmark 4.

## Benchmarks Glossary December 2005

| AP | Advanced Placement courses are offered at the high school. There are also AP tests to <br> determine student proficiency in those courses. Participation in AP courses is highly desirable <br> for entrance into college. |
| :--- | :--- |
| Benchmarks | Fixed points along a continuum of growth towards proficiency in a particular area. |
| COP | Certificate of Occupational Proficiency - Awarded to RSTA seniors only |
| DETAIL | A detailed discipline report of CRLS student infractions presented to the School Committee |
| Effective School Battery | A survey measuring school climate administered to teachers K-12 and students 6-12. |
| ELL | English Language Learner |
| GAP Indicators | The percentage of students in a subgroup divided by the percentage of white students. |
| The resulting number is the ratio between the 2 groups of students. |  |

* The number of students is less than 20 and too small for analysis.
**Status is below Benchmark 1.
***Example of a ratio: $19.5 \%$ of Af. Amer. suspended; $11.1 \%$ of Whites suspended; 19.5/11.1=1.76 (the ratio is no more than 1.8).
If the ratio is less than 1.0 , there is no gap.

| Cat. | Indicator |  | 03-04 value |  | 04-05 value |  | Benchmark 1 | Benchmark 2 | Benchmark 3 | Benchmark 4 | Standard of Excellence |
|  |  |  | \% | Gap | \% | Gap |  |  |  |  |  |
|  | - <br> Discipline <br> Report | African American | 26.2\% | 11.4 | 18.9\% | 2.3 | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | Asian | $\mathrm{n}=13 *$ |  | $\mathrm{n}=8{ }^{*}$ |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | Hispanic | $\mathrm{n}=11$ * |  | $\mathrm{n}=17 *$ |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | White | 2.3\% |  | 8.2\% |  | The gap ratio is the percentage of students in a subgroup (Af.Amer., Asian, Hispanic) divided by the percentage of White students. The resulting number is the ratio between the 2 groups of students.*** |  |  |  |  |
|  |  | Free lunch <br> Pay lunch | $\begin{gathered} 26.9 \% \\ 6.9 \% \\ \hline \end{gathered}$ | 3.89 | $\begin{aligned} & 25.7 \% \\ & \text { 11.4\% } \end{aligned}$ | 2.3 | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | Sped Not Sped | $\mathrm{n}=17 *$ |  | $\begin{aligned} & \mathrm{n}=18^{*} \\ & 12.5 \% \end{aligned}$ |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | $\begin{gathered} \text { LEP } \\ \text { Not LEP } \end{gathered}$ | n=4* |  | $\begin{aligned} & \mathrm{n}=3^{*} \\ & 15.3 \% \end{aligned}$ |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |

*The number of students is below 20 and too small for analysis.

* *Status is below Benchmark 1
***Example of a ratio: $19.5 \%$ of Af. Amer. suspended; $11.1 \%$ of Whites suspended; 19.5/11.1=1.76 (the ratio is no more than 1.8). If the ratio is less than 1.0 , there is no gap.

| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Cat. | Indicator |  | 03-04 value |  | 04-05 value |  | Benchmark 1 | Benchmark 2 | Benchmark 3 | Benchmark 4 | Standard of Excellence |
|  |  |  | \% | Gap | \% | Gap |  |  |  |  |  |
|  | CPS <br> Discipline Report | African American | 12.8\% |  | 8.8\% |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | Asian | $\mathrm{n}=2$ * |  | $\mathrm{n}=0$ * |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | Hispanic | $\mathrm{n}=17$ * |  | $\mathrm{n}=10$ * |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | White | $\mathrm{n}=15^{*}$ |  | $\mathrm{n}=12$ * |  | The gap ratio is the percentage of students in a subgroup (Af.Amer., Asian, Hispanic) divided by the percentage of White students. The resulting number is the ratio between the 2 groups of students.** |  |  |  |  |
|  |  | Free lunch <br> Pay lunch | $\begin{gathered} 13 \% \\ 10.7 \% \\ \hline \end{gathered}$ | 1.21 | $\begin{aligned} & 11.4 \% \\ & \mathrm{n}=14^{*} \end{aligned}$ |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | Sped* <br> Not Sped | $\begin{gathered} 20.8 \% \\ 8.6 \% \\ \hline \end{gathered}$ | 2.42 | $\begin{aligned} & \mathrm{n}=19 * \\ & 10.3 \% \end{aligned}$ |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | LEP <br> Not LEP | $\mathrm{n}=2 *$ |  | $\begin{gathered} \mathrm{n}=0 * \\ 10.3 \% \end{gathered}$ |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |

*The number of students is below 20 and too small for analysis.
*Status is below Benchmark 1.
**Example of a ratio: $19.5 \%$ of Af. Amer. suspended; $11.1 \%$ of Whites suspended; 19.5/11.1=1.76 (the ratio is no more than 1.8).
If the ratio is less than 1.0 , there is no gap.

## KING MIDDLE SCHOOL BENCHMARKS OF STUDENT ACHIEVEMENT <br> Grades 6-8

| Gap Indicators |  |  |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Cat. | Indicator |  | 03-04 value |  | 04-05 value |  | Benchmark 1 | Benchmark 2 | Benchmark 3 | Benchmark 4 | Standard of Excellence |
|  |  |  | \% | Gap | \% | Gap |  |  |  |  |  |
|  | CPS <br> Discipline Report | African American | 0\% |  | 10.3\% |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | Asian | $\mathrm{n}=14 *$ |  | $\mathrm{n}=8$ * |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | Hispanic | $\mathrm{n}=13$ * |  | $\mathrm{n}=7$ * |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | White | $\mathrm{n}=12^{*}$ |  | $\mathrm{n}=6$ * |  | The gap ratio is the percentage of students in a subgroup (Af.Amer., Asian, Hispanic) divided by the percentage of White students. The resulting number is the ratio between the 2 groups of students.** |  |  |  |  |
|  |  | Free lunch <br> Pay lunch | $\begin{aligned} & 0 \% \\ & 0 \% \end{aligned}$ | 0 | $\begin{aligned} & 9.8 \% \\ & \mathrm{n}=19 * \end{aligned}$ |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  |  | $\begin{aligned} & 0 \% \\ & 0 \% \end{aligned}$ | 0 | $\begin{gathered} 14.8 \% \\ 3 \% \\ \hline \end{gathered}$ | 4.9 | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |
|  |  | LEP <br> Not LEP | $\mathrm{n}=9$ * |  | $\begin{aligned} & \mathrm{n}=1^{*} \\ & 8.5 \% \end{aligned}$ |  | Ratio of students with infractions is no more than 2.2 | Ratio of students with infractions is no more than 2.0 | Ratio of students with infractions is no more than 1.8 | Ratio of students with infractions is no more than 1.3 | No gap |

*The number of students is below 20 and too small for analysis.
${ }^{* *}$ Example of a ratio: $19.5 \%$ of Af. Amer. suspended; $11.1 \%$ of Whites suspended; 19.5/11.1=1.76 (the ratio is no more than 1.8).
If the ratio is less than 1.0 , there is no gap.
***Status is below Benchmark 1.

*A goal of the middle schools is to have students present $8^{\text {th }}$ grade portfolios as an additional performance indicator.
This will be developed in 2005-06 and added to the Middle Grade benchmarks.

| Secondary Indicators (continued) |  |  |  |  |  |  |  |  |

*A goal of the middle schools is to have students present $8^{\text {th }}$ grade portfolios as an additional performance indicator.
This will be developed in 2005-06 and added to the Middle Grade benchmarks.

*A goal of the middle schools is to have students present $8^{\text {th }}$ grade portfolios as an additional performance indicator.
This will be developed in 2005-06 and added to the Middle Grade benchmarks.

*Number of students is less than 20 and too small for analysis.
** In order to receive a CRLS diploma a student must meet all CRLS course / attendance requirements and pass MCAS in ELA and Mathematics.
*** The number of students dropping out ( $\mathrm{n}=25$ ) within anyone demographic group is too low to reliably calculate the gap. Adjusted Dropouts Rates for 02_03 and $03 \_04$ from CPS computer center. DOE will report adjusted dropout rate for 04/05 in March 06.
