# Tips to Help You “Get Rid of It Right”

## Before getting up from the table:

### UNWRAP FOOD, SHAKE OUT FOIL

- Take food out of wrappers.
- Shake out foil and get off as much food as you can. Foil will go in RECYCLE unless there’s a lot of food on it.

### PILE TRASH

- Pile together all utensils, straws, plastic wrappers, mini cups, etc.

### DRINK IT UP, OPEN IT UP

- Try to finish your drink. If there’s some left, make the opening bigger so it pours out faster.

When it’s time to clean up:

**Start at**

**LIQUIDS** → RECYCLE → TRASH → FOOD → COMPOSTABLE PAPER

**Thank you!** You are helping protect animals and nature when you “get rid of it right.”
