

**New Program:  
Spanish-Speaking Grief Group for Children and Teens**

**HEARTplay<sup>SM</sup>** is a bereavement program which offers support services **in Spanish** with **native Spanish speaking clinicians** for children, teens and young adults of all abilities who are coping with the life-limiting illness or death of an important person in their lives. Licensed mental health counselors and expressive therapists use movement, music, art, play, and discussion to help participants explore and express feelings associated with grief and loss. Participants honor their person, learn about the grieving process, and connect with peers who have experienced a similar loss. We strive to offer programs and services that are trauma-informed and responsive to the needs of families in our communities.
