

# THE MIND MATTERS

## Families Make a Difference

Please join us for a workshop series providing educational resources and community support for Cambridge families with children ages 4-8 years old who are looking to learn ways to encourage and support learning at home!

- A 10-session series for **Graham & Parks**, Peabody and other Cambridge parents/caregivers.
- Participation is **FREE**.
- Learn strategies for how to foster your child's development and learning at home and in school.
- Developed by Harvard University based on cutting-edge brain research on children's social, emotional, and intellectual growth.
- Sessions include hands-on activities, mini-lectures, videos.
- Group discussions and community support with other families.
- You will receive learning materials and activities such as toys, games and books to use at home.
